FOUNDATIONS

DESCRIPTION

SOPRA TPE PIPE COLLAR H250 is a prefabricated element made of TPE.

SOPRA TPE PIPE COLLAR H250 is used on roofing or underground waterproofing system assembled with Soprema bitumen membranes to give continuity to the waterproofing around elements that come out from the roof or foundations.

The presence of different section diameters allows, once a measurement has been cut, to better adapt SOPRA TPE PIPE COLLAR H250 with the diameter of the elements that come out from the roof.

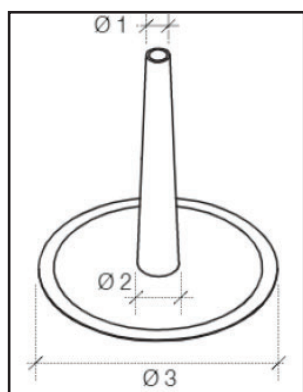

APPLICATION

- SOPRA TPE PIPE COLLAR H250 is installed between two layers of SOPREMA bitumen membranes for long term performance of the system. To improve adhesion, a thin coat of primer can be applied on. Around the elements that come out from the roof or foundation it is necessary to place a permanent M1 SEALANT between SOPRA TPE PIPE COLLAR H250 and the element that come out from the roof or foundation and, subsequently, tighten the upper end with a stainless steel clamp.
- SOPRA TPE PIPE COLLAR H250 is compatible with all the accessories and membrane in the Soprema bitumen range.

FOR COMPLETE INFORMATION ON PRODUCT INSTALLATION, PLEASE CONSULT YOUR SOPREMA REPRESENTATIVE.

PROPERTIES

SPECIFICATIONS	SOPRA TPE PIPE COLLAR H250				
	H	Ø 1	Ø 2	Ø 3	PCS PER BOX
SOPRA TPE PIPE COLLAR H250	250 mm	18 mm	36 mm	236 mm	10
	250 mm	28 mm	46 mm	246 mm	
	400 mm	80 mm	83 mm	276 mm	
	400 mm	110 mm	113 mm	312 mm	

STORAGE AND HANDLING

If the SOPRA TPE PIPE COLLAR H250 are stored outdoors, cover them with an opaque protection cover after removal of the delivery packaging.

STATEMENT OF RESPONSIBILITY

The technical information and application advice given in this publication is based on the present state of our best knowledge. As the information herein is of a general nature, no assumption can be made as to a product's suitability for a particular use or application and no warranty as to its accuracy, reliability or completeness either expressed or implied is given other than those required by Commonwealth or State Legislation. The owner, their representative and/or the contractor are responsible for checking the suitability of products for their intended use.
